EDUCATION

LaunchCode, LC101 Programming Course — 2021

Central Methodist University, BS, Computer Science — 2019

PROJECT EXPERIENCE

St Louis Attractions Guide — Capstone LC101 Liftoff
- Used Java to create a SpringBoot CRUD web application that allows users to search for attractions by category, name and location. Users, once logged in are able to view their profile, create new categories and attractions as well as rate the attractions.
- Stored the data in MySql and used Hibernate to automatically map the java classes to the database.

Flight Simulator — Game
- Used DOM and event listeners to enable the buttons to function as they should with the color of the backgrounds changing depending on whether the flight was in air or landing.

WORK EXPERIENCE

Museum Assistant — Stephens Museum, Central Methodist University, Fayette, Missouri
October 2015 - December 2016
- Catalogued museum acquisitions in a database
- Created educational passive programming to entice museum patron's interest in exhibits
